Summary

Innovative UI developer with 6.2 years of expertise in React, Angular, and JavaScript, Typescript excelling in web development. Proven front-end skills with a solid back-end foundation. Quick learner, adaptable to new technology. Recognized High Performer at Infosys, recipient of the Sparkling Star award at Accenture. Strong in UI design, documentation, development, and testing. Motivated, organized, and an effective communicator. Ready to bring dynamic contributions to your team.

Experience

Elbaite | Melbourne, Australia
Frontend Developer
04/2023 - 11/2023

- Developed cutting-edge features for mobile and desktop platforms using React JS and Material UI, ensuring a seamless user experience
- Ensured cross-browser compatibility, crafting websites that perform consistently across various browsers
- Led the design and layout updates, focusing on usability and performance improvements to meet project requirements
- Integrated API endpoints seamlessly, facilitating smooth data flow between the frontend and backend systems
- Contributed to static page development using Webflow and actively participated in enhancing overall application performance.

Accenture
Application Development Senior Analyst
04/2021 - 07/2022

- Spearheaded the development of reusable components using React, bolstering project efficiency
- Ensured seamless state management through Redux, optimizing the application's performance and scalability
- Collaborated effectively with designers and QA departments, aligning efforts to meet overarching business goals
- Established direct communication channels with project stakeholders, providing timely updates on project advancement
- Actively learned and shared knowledge of new technologies, contributing to the success of technically challenging projects.

Infosys Ltd.
Senior Systems Engineer
02/2017 - 04/2021

- Enhanced project efficiency by developing reusable components using Angular
- Implemented responsive design with Bootstrap and CSS for an optimized user experience
- Played a pivotal role in end-to-end development, contributing across all phases of the application lifecycle
- Expertly resolved typical bugs in both the frontend and backend, showcasing a comprehensive skill set
- Utilized Git for version control and consistently pushed code to the Microsoft Azure DevOps Repo

Education and Training

Shri Vishnu Engineering College For Women | India
Bachelor of Science in Computer Science
06/2016
